

EDGEBOARDS AND FLEXIBLE PROFILES

These flexible profiles are designed to **protect the edges/corners** of reels of paper or plastic (flexible packaging), protecting the different layers of paper or plastic against tears or shocks. Our edgeboards **are flexible and adapt perfectly to different reel diameters**, or the curved shapes of furniture and a wide range of other products.

Advantages

Ideal for use with materials or products with **curved shapes**

Perfect for protecting reels of paper, plastic or any other kind of material sold on reels

Sustainable: made from 100% **recyclable cardboard**

Spreads out the pressure of the strap and film.
