

## GREY CARDBOARD SHEETS

Our grey cardboard sheets are made from **recycled cardboard**. When positioned between the layers of the pallet, they **provide stability** to the mosaic of boxes and/or bags. On the top of the pallet, they **provide protection** against the weight of the stacked pallet.

### Advantages

**Spreads out the weight** of the product or pallet that you need to stack

**Lightweight material** that reduces the weight of packaging compared with wooden alternatives

**Fast, easy set-up**

**Recyclable material**

**Hard-wearing**

**Lightweight and easy to handle**

**Reusable**
