

PROTECTIVE U-PROFILE CARDBOARD BOX

Box consisting of a stackable base and lid made of U-profile **compact cardboard**, with a wooden buffer at each end, creating a compact, **highly robust** box, which can be reassembled to accommodate different heights.

Ideal for packaging and transport of long profiles or objects (profiling)

Advantages

Group products together

High level of stacking strength

Spreads out the pressure of the strap and film

Protects products during transportation

Customization options

- Printing
- Lamination
